

Pink Floyd – Wish You Were Here - Lesson

(basic chords for the verse and chorus)

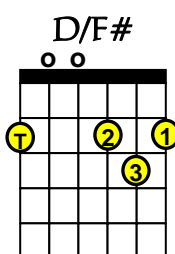

Notes:

The “C/G” chord and the “D/F#” should be practiced and then replace the “C” and “D” chords shown above – since the chords below are the actual chords used in the song.

Note:
The “C” chord can be fingered differently as shown...
Gives a fuller sound to the chord.

Note:
The “D” chord can be fingered differently as shown (using the thumb to finger the F# note)
Gives a fuller sound to the chord.
